Les images suivantes ont été reproduites avec le  
plus grand soin, compte tenu de la condition et  
de la netteté de l'exemplaire filmé, et en  
conformité avec les conditions du contrat de  
filimage.

Les exemplaires originaux dont la couverture en  
papier est imprimée sont filmés en commençant  
par le premier plat et en terminant soit par la  
dernière page qui comporte une empreinte  
d'impression ou d'illustration, soit par le second  
plat, selon le cas. Tous les autres exemplaires  
originaux sont filmés en commençant par la  
première page qui comporte une empreinte  
d'impression ou d'illustration et en terminant par  
la dernière page qui comporte une telle  
empreinte.

Un des symboles suivants apparaîtra sur la  
dernière image de chaque microfiche, selon le  
cas: le symbole ➡ signifie "A SUIVRE", le  
symbole ▼ signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être  
filmés à des taux de réduction différents.  
Lorsque le document est trop grand pour être  
reproduit en un seul cliché, il est filmé à partir  
de l'angle supérieur gauche, de gauche à droite,  
et de haut en bas, en prenant le nombre  
d'images nécessaire. Les diagrammes suivants  
illustrent la méthode.

## CLAWING CONSCIENCE!

ooo  
oo

As long as our conscience has permitted we have refrained from bringing to your attention the hard unvarnished facts about Furs and the Weather.

In your excusable aggravation at the execrable weather of which Ottawa has been a victim, do not overlook the necessities of an onrushing Winter.

Little need be said about the severity of our winters for were we not all subjected to one last year which brought discomforts and hardships to the homes of many.

Furs in Ottawa can neither be termed "Luxuries" nor "Extravagance" for to obtain any measure of comfort during the bitter months is to be attired in the most attractive of all "Necessities."

We are glad to be able to say, and honestly, that our Furs of the present leave nothing to be desired.

The styles this year, if well handled, are most attractive but they invite disaster when attempted by the inexperienced.

Need we mention that our inauguration dates back to the year 1866 A.D. and during the intervening time our Furs have become noted for quality, style, finish and intrinsic value.

The objects for which this Association exists may be stated broadly as:

(1) Improvement in the conditions under which Postal Clerks of the different city post offices in Canada are called upon to perform their duties; and also the salaries to be paid them for same.

(2) The consideration of such means as may be devised by them for the performance of these duties as efficiently and economically as possible, consistently with prompt and satisfactory service to the general public whose servants they are.

By foregathering in convention from time to time, and exchanging views and comparing notes, it has been found that conditions vary in different post offices, not being exactly similar in any two offices in Canada. It has also been observed that methods of doing work in some offices are superior to those prevailing elsewhere; and by such comparison of methods the best means of increasing the efficiency of the whole service may be found.

In the matter of salary increases, as well as in other improved conditions, especially with regard to semi-staff offices, the Postal Clerks of Canada have just reason to be proud of the results obtained from the way in which their grievances have been recognized by the Post Office Dept. and the Government, after due and reasonable representations made by the proper officials of this Association as instructed by the several conventions in session.

The entertainment to be held at Racquet Court on November 19th, under the auspices of the Ottawa Branch of the P. O. Clerks' Association, is in aid of the Association's funds, which have been seriously depleted during the past year, owing to the many calls arising from the recent agitation for higher salaries and better working conditions. Salaries are still inadequate to cope with the ever increasing cost of living and there is much yet to be done.

The platform of this Branch is:

1. Polite and efficient service to the Public.
2. The same salaries for the Civil Servants east of the Great Lakes as the Government pays for the same service west of the Great Lakes.
3. Cooperation with the Government, the Post Office Department, and the Civil Service Commissioners in the adoption of the merit system.

A Savings Account is more than a start towards financial independence—it is a mark of character.

One of the strongest recommendations in the world of business that a young man can present, is a Merchants' Bank Pass-Book showing a record of consistent savings.

A Savings Account may be opened with \$1.00, which shows how highly we regard the accounts of those who desire to save.
